Shubham Goel

Ghaziabad, Uttar Pradesh | 7871232726
shubhamgoel386@gmail.com

Summary

Experienced backend developer proficient in Python, Django, FastAPI, and Azure, with a strong track record of delivering robust, scalable solutions. Known for innovative problem-solving and a dedicated approach to software development, consistently meeting project goals with clean, efficient code. Adept in coding, debugging, and project management, thrives in Agile and Scrum environments, effectively collaborating with team members to achieve project success.

Experience

Masters India IT Solutions Pvt Ltd | UP
SDE 2 | 07/2022 - Present

- **GST Invoice Automation:** Developed robust APIs in Django and FastAPI to process data extracted from OCR models, tailored for GST invoice e-filing and business-specific requirements.
- **Database Management:** Managed and optimized data storage using SQL (PostgreSQL) and NoSQL (MongoDB) databases to ensure seamless data retrieval and storage.
- **Azure Integration:** Leveraged Azure Custom Form Recognizer for accurately extracting key-value pairs and table data from invoices, enhancing data processing accuracy.
- **Asynchronous Services:** Designed and implemented asynchronous services using Celery and Redis, significantly improving application scalability and customer interaction speeds.
- Data Cleaning and preparation using pandas for ML model training purpose.

Tata Consultancy Services | UP, WFH
Assistant System Engineer | 01/2021 - 07/2022

- **ETL Pipeline Development:** Designed and implemented ETL pipelines using Azure Data Factory, ensuring efficient and reliable data processing. Conducted thorough testing using the BDD testing framework to maintain data integrity and quality.
- **Data Transformation:** Developed Databricks notebooks to perform data transformations and extractions, aligning with specific business requirements and optimizing data workflows.
- **Automation & Reporting:** Streamlined Python testing through Jenkins Pipeline automation, and generated comprehensive Allure reports to enhance visibility and quality assurance.

Skills

Python Django FastAPI, MongoDB, PostgreSQL, Celery, Kafka, Azure, AWS, SQL, Git, Quick Learner, Team Management, Project Leadership

Education

SRM Institute Of Science & Technology (Deemed University)
Electrical and Electronics | 07/2020
I completed my graduation in Electrical and Electronics with a **9.67 CGPA.**

St. Mary's Convent Sr. Sec. School | Panipat
Courses | 04/2015
89%

Certificates

Microsoft Certified: Azure fundamentals

Awards

Best Team Lead, Best Team Member
